Ring Sizing Instructions

Instructions:

1. Print this PDF file at 'Actual' size.
2. Verify that it printed at 100% by measuring this square. It should measure 1" x 1". If the square is not 1" x 1" adjust the output size on your printer accordingly until the box is correctly sized.
3. Place the printed paper on a well lit flat surface. Overlay any current fitting ring over the circles until the lines are barely visible inside your ring. This is your ring size.
